NEW YORK CORRESPONDENCE.

TANNANY HALL, NEW YORK, Sept. 20, 1856. Mesera, Editora Union and American : It has been well said that the object of Mr. Spacker Banks's address to Wall street from the steps of the Merchant's Exchange the other day was to endeavor to get a sort of endorsement from the Commerce of this great metropolis of the allied opposition to Mr. Bughanan, And he failed most signally. There were not more than from three to four thousand persons present, and that number, for the city of New York at clear mid-day in Wall street, is scarce'y unusual even when thre are no speakers about. He had prepared in writing and studied and committed a patriotic piece for the coaston, full of fulsome flattery of the new New York merchants, bitter denunciation of Southern institutions, jeers at Southern men and Southern ignorance, (as he was pleased to call it) and general misrepresentation. He almost wept because Sunner got a flogging for slandering the gallant old Senator from South Carolina in his absence-and his numerous falsehoods concerning Kansas, so deliberately uttered in that high place, were enough to make the angels themselves werp

The black republicans procured a sort of half way permission for him to speak at the Exchange by a poor trick. After it was successfully played, the directors of the institution were anxious that Gov. FLOYD, of Virginia should have an opportunity to reply to him, but it was prevented. Yet Gov. Floyd will speak thers. He will address the great body of New York merchants who are opposed to the organization of political parties on a sectional basis on Thursday next, and he will have an immense crowd of hearers. The voice of Vir ginia will be heard in Wall street-the indignant frown of the South upon black republicanism will be seen there-geographical discrimination in politics will be denounced-and Mr. BANKS will be convicted of that doubtful patriotism which, in the language of Washington, "attempts to alienate lots have been cast in a land where science and art have one portion of our country from the rest and to combined to keep you from being baid or grey headed. enfeeble the sacred ties which now link together its | Married people, read and remember - you soon may be ensacred parts."

most bitterly.

The black republicans here are getting out of funds. Circulars are passing from hand to hand calling for contributions to "bleeding Kausas." The credit of the Mariposa grant is said to be already exhausted; and if Bennerr were not secured by that large brown dwelling house on Ninth street he would bolt with the Herald before the day of election.

Senstor Dickson is canvassing the interior of this State. He spoke for two hours at Norwich the other day. Our friends in Connecticut declare that if FILLMORE shall receive so many as four thousand votes in their State, Mr. Buchanan will have a decided plurality. I believe this. The gallant old Toucy spoke for three hours to an immense oroad at Wallingford on Friday. The excitement in New Jersey is intense-and the democrats there are sanguine of success.

President PIERCE is expected here to day, en route for New Hampshire. The personal indignity recently offered him by a meeting at Concord to prevent the usual public hospitalities to the Chief Magistrate when he shall arrive there is cousidered extremely shameful by every body except the black republicans.

The officers of the army, navy, and volunteer corps, who celebrated the anniversary of the "Society of the Montezuma" by a dinner at the Tremont House a few days ago were glad to meet unon that occasion your fellow-citizen Gen. B. F. CHEATHAM, as the representative of the Tennessee Regiments engaged in Mexico.

Place no confidence in the extracts which you may see from Panama and Aspinwall newspapers concerning the affairs of Nicaragua, for they are studied misrepresentations. My DEAR FRIEND: I wrote you on the 6th inst. and though I have not received any reply, I write again to inform you of the actual condition of affairs now transpiring here, incomprehensible in every respect; there is such confusion that there is no government, no soldiers, no snything, be cause, among those assuming to govern, each one does as he pleases, and every moment they change their opinion, not knowing which party to defend and they are continually divided. There are not more than 1,400 troops here now, and of these the sick are increasing daily, both with fever and cholera, the mortality not being less than seven or eight daily, and the desertions are very frequent, on account of the discontent that pervades the

Chelon, after several days' siege, has been taken. The forces of Guatemala and San Salvador are fast becoming skele one, and being rapidly decimsted by disease and the scarcity of provisions.

Whenever Gen. Walkes shall be ready to move with his army from Grenada to Leon-or, whenever his policy higherto observe of " masterly inactivity"-shall render it expedient to do so - he will restore quiet to the Lomes of the poor people there and give them good government. A GUIDE FOR THOSE WHO WISH TO SPELE AND WRITE CH.

Particularly intended as a book of reference for the solution of difficulties connected with Grummar, Composition, Ponetuation, &c., with explanations of Latin and Freuch words and phrases of frequent occurrence in Newspapers, Reviews, Periodicals and books in general, containing examples of one thousand mistakes of daily occurrence in speaking, writing and pronunciation.

"LIVE ASD LEARN" is a most useful book designed as a guide to Grammar, Composition and Punctuation. So few people speak or write really good grammar, and fewer still punctuate decently, that a book that informs them how to do so—and not only indicates their faults, but shows them how they are to be corrected—cannot fail to be popular; there is not a person, indeed, who might not be popular; there is not a person, indeed, who might not learn something from it. As a book of reference, "Live and Learn" will settle many disputes. It ought to be on every table, and be particularly recommended to the young before habit makes common blunders uncommon hard to cure.

Hair Restorative. We call the attention of all, old and young, to this wonderful preparation, which turns back to its original color gray bair-covers the head of the bald with a fuxorant growth-removes the dandruff, itching, and all cutaneous eruptions—causes a continual flow of the natural fluids; and hence, if used as a regular dressing for the hair, will preserve its color, and keep it from falling to extreme old age, in all its natural beauty. We call, then, upon the baid, the gray, or diseased in scalp, to use it : and surely, the young will not, as they value the flowing locks, or the

witching curis, ever be without it. Its praise is upon the witching curis, ever be without it. Its praise is upon the tongue of thousands:

Wavespoan, Mass., July 25, 1835.

Paor. O. J. Woose.—With confidence, do I recommend your Hair Restorative, as being the most efficacious article I ever saw. I have used the Walphens and other preparations of the day, all without effect. Since using your Hair Restorative, my bair and whickers, which were almost white, have gradually grown dark; and I now feel confident, that a few more applications will restore them to their natural color. It also has relieved me of all dandruff and unpleasant liching, so common among persons who perspire freely.

J. G. KILBY.

North East Prinsylvania, March 9, 1855.

Siz:—In consequence of having hair, for several years part, not only gray but perfectly white, I have cut it abort, and worn caps to hide it from view; but some three coths since, I was induced to use your Hair Restorative, and I must, in justice say, that its effects were almost unraculous; for it has changed it gradually to almost its former spheador as to color, and left it so soft and glossy us to be more beautiful than it ever was, when under the influence of the first oil. I carnesly, therefore, recommend it to every hady as the best preparation for toilet use, of anything in the world.

BETSY SMITH.

Paor. Wood:-Having experienced the magic effect of Proc. Wood:—Having experienced the magic effect of your Hair Kestorative, I drop you this upon the subject. About two years ago, my hair commenced failing off and turning gray: I was fast becoming bald. I met a friend who had used your Restorative, and spoke so highly of its virtues, I was induced to try it, although I had but little faith, as I had before tried so many other remedies. I commenced using your Restorative in January last. A few applications fastened my hair firmly. It began to fill up, grow out, and turned back to its former color, (blucs.) At this time, it is fully restored to its original color, health and appearance, and I cheerfully recommend its use to all. Chicago, Ill., May 1, 1854.

J. D. HOES.

Millford, Worcester co, Mass., Nov. 18, 1884.
Paor. O. J. Wood—Dear Sir: I take pleasure in bearing voluntary testimony to the magic effect of your wonderful Hair Restorative. As far back as 1886, my hair commenced falling off, until the top of my scalp became build and smooth as glass, and it has continued to fall for a baid and smooth as glass, and it has continued to fall for a great-many years, notwithstanding I have used many celebrated preparations for its restoration. Seeing your advertisement, I was induced to give your article a trial, and to my utter astomishment, I found, after a few applications, that my hair became firmly set, and assumed a glossy and beautiful appearance; and by the time I had used a quart bottle, my hald head was covered ever with a young and vigorous growth of heir, which is now from one to two inches in length, and growing has inches in length, and growing fast Yours, truly, HENRY GOODRICH.

NEW YORK, Oct. 2, 1854. PROF. O. J. Woon—Dear Sir: After reading the advertisement in one of the New York journals, of your celebrated Hair Restorative, I procured a half-plat bottle, and was so much plessed with it, that I contined its use for two months, and am satisfied it is decidedly the best preparation before the public. It at once removed all dandroff and emplessant itching from the scaip, and has restored my hair naturally and, I have no doubt, permanently so. You have permission to refer to me, all who entertain any doubt its performing all that is disimed for it.

AISS FEERS, 28 1-2 Greenwich Avenue.

I have used Professor O. J. Wood's Hair Restorative, and have admired its wonderful effects. It restored my bair where it had fallen off; it cleans the head, and renders the hair soft and smooth—much more so than oil.

AN advertisement of Mr. UDOLPHE WOLFE, lately published, as I suppose, intended for the protection of his Schiedam Scoapps against countertiniers, has come under my observation, and being engaged in the manufacture of Schiedam Scoapps, were I to let it pass without notice through this medium, I might be considered among those had denominates "Protes and Penders of Process" but the immonse patronage and success that has attended the selb of he article manufactured by me, and the opinion of coapetient judges as to its qualities as a beverage and its medical virtues, precludes the possibility of the idea that I om included among those he dissigns to impage. No doubt he fosts aggrioved at the depreciation of the sele of his Schnappe which is manifest to all, since mine has been brought in gompetition with his. Not only have I succeed in competing with him in quality, but the constant and increasing demand of my article, has enabled me to furnish it at a less price than he can, or does—say \$2 to in the dozen. And furthermore, he will soon become untieffed that his caution to the citizens of the "Southern and Western States" will avail thin nothing as far as I am concerned, for the character of my Schiedam Scnapps is too well established in those States, to be injured by any such invidious publication.—The motive of his a ivertisement is obvious to every one, and feeling well satisfied that all such missiles thrown at me by him will fall harmless at my freet, it will here, for the satisfaction of the public, publish a copy of my Patent flight, entered in the Southern District of New York, on the 28th day of December, 1854:

HOW DISEASED ACTION RECOMES ESTABLISHED AND THE BLOODIMPURE.

A great error has long prevailed in the minds of medical men, "That impurity of the blood is the cause of diseased action," This is a serious mistare. It is a disturbance of the circulation, and the establishment of diseased action, that causes impurity of the blood.

The R. R. S. theory holds the truth of the above maxima, for if a person be in a state of perfect health, each artery and vein most carry to and from the heart its allotted portion of blood, and when any set of vassels refuse (be the cause what it may) to carry their proportion, the current of blood becomes dammed up; in other words, a congention takes place, giving palu to a greater or less extent. Here, then, is the beginning of diseased action, which, if not relieved, will some run into inflammation, and the disease become established. Diseased action being once established, the blood becomes impure, and the regularity of action on the part of the liver, sain, howels, for, is sore to be interrupted, and the general system, by sympathiaing with the local complaint, becomes involved in the difficulty. That is is the true state of the case, let any one call to mind his graptems on catching cold. The local difficulty may be a sore throat, which is a congestion of the blood, amounting sometimes to an inflammation about the throat, owing to provious deranged state of the circulation; and ac will remember that his howels become costive, his liver deranged, or his skin dry and feveriat, his head stopped up, palus and aches in his bones, joints, down the back, head aches, discharge of water from the eyes and nose, with many other unpleasent and paintie symptoms. Had he used Radway's leady Relief when the congestion was setting in, as an application to the throat, and swallowed a dose of the Regularity of the sore throat. Radway's Kendy Resolvent has cured the most terrible of skin diseases and humors. It will never fail in the wors cases.

An Emigrant called opon us a few months since, who had been trethied with the disease called Ring's Rvil. He had two very large holes in his neck, and his head, body and legs were covered with the most disgusting and nekening sorres. We issued him placed him under the induses of the Resolvent. In six weeks from the time he called upon us every sore was heated. Not over a streewas left upon his body to reming him of the King's Evil.

This man, like thousands of other deduded persons, had thrown himself prostrated before two Emperors, four Kings, and one Queen, to be touched by the Engers of Hoyalty, believing that the hands of thour "most secred majorites would drive away the evil." January 3, 1836.

Mesers. Radway & Co.—I tried your Ready Relief, and alid my joints rubbed with it, and I never felt pain after the first ten minutes I was rubbed with it up to the present time. Sirs, I do no tknew what to compare it to but a charm; for it is a mystery to me. I was a cripple for two years, and had not the proper use of my limbs for three years. I was worn down to a skeleton. I then commenced the use of your Ready Relief, Resolvent, and Regulators. The pain loft me in the minutes, and I began to gain strongth very fast, and could waik with ease in a few weeks. Isofore I heard of your remedies I was taken to Dr. Parker, Dr. Reess, Dr. Wardle, Dr. Machelan, and many other physicians in this city, I cannot now remember. I was completely polled to pieces by them. My constitution was completely broken up with medicines that did me ne good. I could not put a foot to the ground nor pick up a pin. I was lifted and car ried up and down stairs like an infant; and now, thank God I by the use of your remedies, I am seastrong as ever, I had the common rheumatism—infammatory and chronie—and the palsy. Persons who have been troubled with chronic sore throats,
tubercies in the lungs, broughtits, or glandular affections,
are informed that the R. R. K. Kemedies will cure them of
these terrible diseases on the same principle. Let the Ready
